Charlotte High School
National Honor Society Membership Application

Be sure to complete all sections of the application. The Faculty Council will not consider incomplete applications. Remember, no late applications will be accepted!

Service

I. Definition:

Placing service to others above self; the giving of time, effort, and talents unselfishly; giving without promise of personal gain but for the class, school, or community.

Note: Service is not based on classroom work, projects, or activities for which grades or PAY are given, nor is it completed by mere membership in school or community organizations. In addition, the language you use to complete this portion of the application should not include words such as helped or any variety thereof, as such language does not clearly express the spirit of service. It is the applicant's responsibility to list a variety of services (volunteering with different groups, different types of activities, etc.). It is also advisable to list more than the three required in order to protect the applicant from disqualification should one entry be deemed unacceptable by the committee.

Leadership

I. Definition:

Leadership qualification is not restricted solely to those holding offices, nor does participation alone constitute leadership. Successful leadership constitutes assuming responsibility and demonstrating constructive initiative in school and/or community activities. It is organizing a group of people in order to accomplish something to remedy a need. In addition, a candidate's leadership entries should not all be completed through the same leadership to a number of different people nor to just one group; the applicant's responsibility to list a variety of different leadership positions.

II. Requirements:

In order to be considered for membership in The National Honor Society, you must cite evidence of a minimum combination of at least TWO leadership activities in school and/or community that you have performed AFTER Middle School.

Be sure to fully explain the type of leadership, and your personal involvement, function or duties performed, the duration of the activity and the numbers of people involved.

III. Directions:

School/Community Leadership: Briefly explain below those activities that demonstrate leadership to the school and/or community. For each leadership role listed, you must obtain the signature of the teacher/advisor sponsoring the activity. Any statements not validated by signatures from the appropriate teacher/advisor will not be considered in the review of this application. Attach additional pages if necessary.
